## Dealer Alert

# 2019 VSA Online Regulatory Update

As of today, roughly 50% of licensed salespeople have been sent the link to the course. Due to system capacities, the email invitations are being sent randomly in groups of 500 each day. As a result, you may have staff that have received their invitation and those that have not. Every salesperson should receive an invitation no later than May 3. Please encourage your staff to complete the course when they receive the link – as once they receive it, they will have 2 weeks to complete the Regulatory Update.
